3. The temporary closure of Blackbrook/Blackbird bridge and consequently Culworth Rd:-

Cllr K Simmons gave a review of a recent meeting, arranged by Culworth Parish Council, he had attended at the site with representatives of the NCC Highways agency engineering team.

A member of public advised Cllr I Morris that as a consequence of the road closure a number of local businesses were experiencing loss of revenue and many residents incurring additional personal cost. As lead for the Eydon residents action group, a member of public also asked who the project manager for the work was in order that a line of communication between the group/Eydon residents and NCC Highways could be developed. Cllr I Morris noted the request and would confirm in due course with whom this communication should be developed.

Additional questions regarding the possible use of traffic lights to create an alternating one-way traffic flow over the bridge and/or the use of a temporary Bailey Bridge pending repair had been suggested from the Floor. These were noted by Cllr I Morris.

Raised from the Floor and noted by Cllr I Morris was the suggestion that as a consequence of the increased traffic use, the condition of the diversion routes was now deteriorating, Cllr I Morris stated he would strive to have these roads repaired as a priority when necessary.

Responding to a question from the Floor, Cllr I Morris confirmed this matter had not been discussed at full Northants County Council Meeting and given the timescale available to the forthcoming Meeting, this would require there to be a petition presented at that Meeting.
