
Eydon Village Hall Information Sheet (to be given to all hirers)

Opening and Closing the village hall

The village hall keys will be available from the Bookings Secretary (or nominated key holder) in Eydon, and, after locking up, must be returned there immediately.

Telephone the Bookings Secretary before the day to arrange collection and return of keys.

Under no circumstances should a hirer or user cut a duplicate key.

Please ensure that any outside caterers, contractors and bar staff are aware of the hire period and that they will not be able to enter before or leave after the hire period.

Guests are expected to vacate the premises within fifteen minutes of the end of a licensed period. After midnight (unless the event is New Year's Eve) only those helping to clear up the village hall should be on the premises. Failure to comply with this will result in forfeiture of your special deposit.

Health & Safety

In line with current legislation the village hall is a smoke free public building. The Committee **prohibits** the use of e-cigarettes within the building.

The exact location of the nearest telephone, fire exits and fire extinguishers must be noted before the village hall is occupied and the manner of opening Fire Doors should be made known to your guests. (A sketch plan showing these is clearly displayed in the hall). All fire exits must be unlocked/unbolted before the hall is opened for use.

A responsible person must be appointed to act in the event of a fire. The village hall should be evacuated in an orderly manner using the appropriate exits and all persons go to a pre-arranged assembly point. The Fire Brigade must be called by dialing 999.

The kitchen is not a full catering kitchen. The Hall must provide suitable basins, water and working surfaces but the responsibility on providing safe food rests with the hirers and outside caterers. If any hire group provides food on a regular basis they will be subject to food hygiene laws and it is appropriate that South Northants Council (SNC) will inspect them in the normal way. Each group doing so should register with SNC separately.

Cooker: Instructions for use of the hob and oven are in the kitchen.

Fridge: Auto-defrosts; please do not alter the setting or switch it off.

A first aid box is located in the kitchen.

Licensing

In line with current legislation if your event is being used for any licensable activity, a certified copy of the license must be at the Hall under the control of the licence holder (ie a Committee Member) or a person working at the premises who has been nominated in writing. A constable or authorised officer can ask for the licence to be produced.

Power Circuits/Heating/Hearing Loop

The heating controls for the main hall are located in the kitchen by the door to the Meeting Room. Press the switch ON/OFF switch and the Timer. The heating is timed to turn off after 2 hours. Press the switch the Timer again to obtain a further 2 hours. If you depart before the end of the 2 hours please switch off the ON/OFF switch. There is a separate control for the meeting room, just inside the door. Press the blue button for 2 hours heating. To switch off, press the button for about 20 seconds. The red light will flash.

A hearing loop is available and is suitable for meetings. The controls, amplifier and instructions are in a cupboard in the kitchen. If you require the use of the loop, please specify on your booking form.

Telephone

The village hall has no telephone and the nearest one is located at the north end of the High Street, (turn to the right as you exit the front door). Hirers are advised to bring a fully charged

mobile telephone for use in case of emergency. Be aware that it often difficult to get a clear signal in Eydon.

Car Parking
